New in 2022-2023

The Spencer County Public Library continues to find innovative ways to serve our community through a diverse and robust collection along with community-based services and inclusive programs.

Story Trail

This project is made possible through a collaboration with the Taylorsville Lake State Park. The Story Trail elevates story time to an all senses experience by pairing stories with the great outdoors. Children can experience nature and a small hike while reading along on story boards. Books are changed seasonally. Perfect for the whole family!

Spencer County Oral History Project

Longtime Spencer County Residents recall and reminisce on the history of our community. Check out the library's youtube channel to view the personal stories of Dr. William Skaggs, Larry Lawson, Johanna Hall, Greg Murphy, Preston Jeffiers, and more!

Coming Soon!

November 2023

Additional Community Meeting Spaces

Renovations are underway on the Library Annex Building for two additional community meeting rooms and a space for the Friends of the Spencer County Library. The opening is tentatively planned for November 2023.
